COVID-19 Response Update—August 17, 2020

Calvary Family,

Thank you for joining our in-person and online church services and Bible studies. We are very grateful for the decrease in new cases of COVID-19 in San Antonio and that only three members of Calvary have had the virus. Thank you for respecting others by following the recommended precautions. Below is an update on our activities and precautions.

The in-person and online church activities are gradually expanding with careful attention to following the recommended precautions. - Temperature scan recommended for adults and required for any children activities

Please enjoy the services or events on Zoom or Facebook Live rather than in-person if you or anyone in your household:

Please let us know via phone, text or email if you need prayer or other assistance. Also, please pray for God's continuing covering and healing for those that are sick and covering for those not sick.
